

**GPRA Client ID Convention:**

The first six digits are the site license number (provided in the table to the left). Client IDs can be up to 15 alphanumeric characters - **do not include a hyphen** when entering the license number for the first six digits. The remaining digits are site-assigned (you could use your EHR client number or whatever is easy for your site to track).

If your site does not have a license number, please use 999999 for the first six digits. The remaining digits are site-assigned (you could use your EHR client number or whatever is easy for your site to track).

Please refer to the GPRA Data Collection Process video for more information or contact The Evaluation Center at

**MAT Mobile Health Unit GPRA Client ID Convention:**

For clients admitted to SOR-funded treatment via a MAT Mobile Health Unit, the mandatory first six digits of the client ID are outlined as site numbers in the table to the left. Client IDs can be up to 15 alphanumeric characters; therefore, the remaining digits should be the clients' site-assigned electronic health record number.

Please contact The Evaluation Center at [GPRA@SORColorado.org](mailto:GPRA@SORColorado.org) if you have questions about creating client IDs for clients

<b>MAT Mobile Health Unit - Vendor (Region)</b>	<b>Site Number</b>	<b>Towns Served</b>
